LOCKMASTER®

Why your home should be fitted with Lockmaster

THE KEY POINTS

Designed, developed and tested to deliver the very highest levels of performance for security, ease of use and service life, Lockmaster has established itself as the market leading multi-point door lock solution in the United Kingdom. Whether your doors are manufactured from PVCu, timber, aluminium or modern composite materials, there is a Lockmaster product perfectly suited to your needs.

1

British Built

Designed specifically for the requirements of the UK market.

2

ISO 9001: 2008

Ensuring you of the very highest quality in all aspects of Lockmaster's production and performance.

3

BBA - British Board of Agrément

Assurance of British Standards compliance for security, operational performance and corrosion resistance.

4

10 Year Guarantee

Delivering peace of mind from mechanical breakdown.

5

Secured by Design

Accredited Police preferred specification locking solution.

6

Patented Pre-compression Technology

Engagement of compression roller cams ahead of security locking points ensures maximum ease of use and optimal weather proofing.

7

Passive Security

Front door application protects from unauthorised access, even when your door is unlocked.

8

Versatility

Specific variants available for timber, aluminium, PVCu and composite doors.

9

Industry-leading Cylinder Security

Optional Kite marked cylinder delivers unrivalled protection from key 'bumping' and forced entry.
